Von L.A. BRAUN : Da Vinci's REAL Hidden Secrets: TREASURE ISLAND (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Da Vinci's REAL Hidden Secrets: TREASURE ISLAND (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Wahnvorstellungen? Von LanthaniumDas eBook Da Vinci's REAL Hidden Secrets: TREASURE ISLAND von L.A. BRAUN kommt mir vor wie das Buch eines Verrückten. Der Verfasser sieht die Zahl 26 überall in den Bildern von Leonardo Da Vinci und versucht, dies auch anhand von dessen Gemälden und Teilvergrößerungen davon zu belegen. Nur konnte ich nicht das Gleiche sehen. Um genau zu sein: Ich sehe in den Fotos der Gemälde nur dort die 26, wo man sie mit Photoshop darüber gemalt hat, damit man deutlicher erkennen kann, wo sie sein soll. Allerdings ist es schon merkwürdig, dass immer wieder Personen in Gemälden mit den Fingern auf Stellen zeigen, wo vom Bildinhalt eigentlich nichts Beachtenswertes gemalt ist. Aber auch in anderen Gemälden, z.B. Illustrationen zur Erstausgabe des Buches Treasure Island von Robert Lewis Stevenson sieht der Verfasser die ominöse Zahl 26. Er zieht den, für ihn vielleicht logischen, Schluss, dass die Schatzkarte in dem Buch echt ist und zum Verbleib eines (nur potentiell möglichen) Schatzes der Tempelritter führt! Interessant war für mich, dass Stevenson anscheinend in mehreren seiner Bücher Landkarten verwendet hat. Ein kuriose Machwerk, allerdings mit echtem Unterhaltungswert (deshalb vier Sterne). Wer Spaß an Büchern über den Da Vinci Code hat, dem könnte auch dieses Buch möglicherweise gefallen.

KurzbeschreibungYo ho ho--and a bottle of rum! Was there a real Treasure Map hidden in Robert Louis Stevenson's classic book of 'Treasure Island'? Did the Treasure Map lead to missing treasure? Step aboard the enchanted mystery ship for a journey in this 2014 book, one of our first, on a swashbuckling quest for hidden treasures. Utilizing an extravaganza of vibrant illustrations from history's most eminent artists, this book first highlights the fine points of the fundamental story of the swashbuckling, pirate-action adventure of Treasure Island and then acquaints the readers with its history and overall context. The readers embark upon a tour through the pirate tale with a splattering of fun random facts on other pirates and forgotten treasures. This book whisks you off on a wild fantastical treasure hunt through the Masters' Art--and all the way to 'Treasure Island' to find lost buried gold. Our PICTURE-BASED books explore the greatest Masters' Art. There really is a message hidden in the oldest Masters Art. Readers will not only explore the pirate life, but what is even more important--by carefully piecing together the scattered clues, they will be brought nearer to the closely guarded message hidden deep inside of the deliberately obscured Masters Art. In fact, Robert Louis Stevenson might have been privy to some sacred secrets. Only this author exposes the true intent of the ancient authors and artists, fishing out the actual concealed message from the muddy pond of hints and innuendo. Depending on what should be found within these riddles, the author has ferreted out the secret message. The message isn't what anyone expected. In effect, the end result creates a paradigm shift on how the old writings and works, such as the classic pirate tales, should be considered. Surprisingly, there might very well be a real Treasure Map hidden in Robert Louis Stevenson's classic book of 'Treasure Island.'
