Vivid story of a pioneer of modern Christianity.Von wmackirdy@crossroad-partners.comBetty Skinner has written a wonderful, thought provoking book about a true giant of modern Christianity - Dawson Trotman, founder and driving

force of the Navigators. From his early days as a rebel and "bad boy" through his conversion and the development of his heart for others to his untimely death saving another person's life, this book challenged me to see in people great potential, but more importantly, to see in myself a call to disciple others - to help others move closer to God in their everyday life. It left me unsettled...but excited to get down to basics - pouring my life into others!
