AmazingVon Brigitte RohrA nicely designed, informative and entertaining novel that includes plenty of action. You'll be whisked away in colourful words down to the coral reefs of the Red Sea and also to life in Egypt. The book has

everything a good book needs: friendship, loyalty, crime, love and at least an ecological message. Just read it.....i love it and can't wait for the next one.....well done Avi! For the non-native English speakers the book is easy to read
