Von Douglas Christian Larsen : Deceiving the Elect - Book 1: Quickening Dreams before purchasing it in order to gage whether or not it would be worth my time, and all praised Deceiving the Elect - Book 1: Quickening Dreams:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Deceiving The Elect - Eye OpenerVon Ein KundeNot only is this story brilliantly written, and the characters believable, but this story is a real eye opener.Many times, when reading other stories that have a similar theme, I felt rather confused from not only a personal standpoint, but also from a biblical standpoint. Often other books of this ilk have left me thinking, no way could that happen, and no way does that have any basis in reality. However, when reading this book, the characters are so believable with their very human flaws, natures and passions. Everything that they think, say and do is believable in that I could actually imagine those things happening, or being said or thought by real people.The story shows how easily one can be suckered into something that is erroneous, and not only that, but how people can be suckered into it without even realising that that is what has happened to them. The consequences to

people in the book are the same as they are in real life and as devastating, and if people think it's not happening out there now, well read the book and then see if life does not imitate art. The story clearly shows that it is dangerous to hold any human in such high esteem as to let them dictate what you believe is right and just, and in this world, as in the book the majority of televangelists seem to have the monopoly in this arena of behaving like godly men when in fact they are spiders spinning little webs to catch people's minds, hearts and wallets, and this is reflected so well in this book. I believe the author has shown clearly how the meglomaniacs in this book, as in life, with their own agendas, seem able to take biblical truths and twist them into unrecognisable form, which sensible, normally discerning people then somehow manage to swallow as truth. The sadness is that it is so easy for them to do this inside a world where people are hurting and looking for hope, and the author has shown through the more unscrupulous characters in the story how easy it is for the lies and deceit to be perpetrated in real life. This book, I believe, is a warning, because when transferred into the real world, and compared to what is happening in our world, the scenes are not dissimilar. I believe the author of this story, in a way, through his writing, is saying, "Hey guys there's a wreck up ahead, slow down, proceed with caution least you become a part of the wreckage too." In life, as in the book, I can see the Staceys, Brontes, Michaels, Joshuas, Docs, Jacks, Janines and all the others with their personal tics, strengths and weaknesses, proclivities etc. I can see people I know well inside some of these characters, even the less scrupulous characters in the story. Bottom line, this book is an incredibly good read and I hope to see more of the story with the characters that have become dear to my heart. I highly recommend that people read this book.

Kurzbeschreibung "Deceiving the Elect - Book 1: Quickening Dreams" is the story of a fellowship of world-weary people who hear the call of the still small voice, the call to a mystical quickening, their hearts and minds opening to the Ancient of Days and the whisper of Truth. It is also the tale of Jehovah's Army, a powerful new spiritual, political and mercenary juggernaut, forcefully shepherding all religions into one ecumenical force, marching under the banner of Christ. The first goal of JA: take back America for Jesus, and the next? Ultimately, the world. These self-appointed men of God will usher in a new golden age of peace, under a new world order, where an anointed one will rule the world with a rod of iron. We have been repeatedly warned: "Do not be deceived!" We have true gifts: reason, memory, intuition, and intelligence. It is our mission to employ these in seeking the truth.
