**Von Francis MacNutt : Deliverance from Evil Spirits: A Practical Manual** before purchasing it in order to gage whether or not it would be worth my time, and all praised Deliverance from Evil Spirits: A Practical Manual:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This is an important book for all ministers and counselors.Von CustomerFrancis Macnutt has a long and credible history in the practice of healing prayer. His compassion and faith leads him to share what he knows with others. With many more praying, many many more are helped. His prayer style is calm and confident. It is the power of God and not the energy of hype that brings healing through his prayers and others. Through his instruction and the instruction of John

Wimber and Charles Kraft, I too have seen people healed, by God, when I have prayed for them. This book specializes in deliverance from evil spirits, a topic that challenges our enlightened western minds. Many churches that preach the existence of Satan and demons, do not acknowledge that people need help and deliverance. Francis MacNutt's experience and the Biblical record lead to another conclusion. Demonic influence in varying degrees does affect many, and they need deliverance. Those who know this and take authority over the demonic realm can bring freedom to those who need it so desperately. This book will guide you through evidence for demonization, the types of demons that you might encounter, and practical instruction for dealing with them. Francis MacNutt tells us that demonization is different from what is popularly known as "demon possession." Possession represents an extreme and rare form of demonization. Rather one or several demons may link themselves to a part of our lives. Often, they only manifest themselves when their territory is invaded by other forms of healing prayer. It is significant to note the care Francis MacNutt takes to distinguish between demonization and emotional wounds, and the very important difference between Multiple Personality Disorder and demonization. As in all his books, his methods involve a partnership between prayers of faith and modern medicine and counseling techniques. This is an important book, written in a professional style that maintains interest throughout. It was a great encouragement to me.0 von 0 Kunden fanden die folgende Rezension hilfreich. Deliverance and Healing Go Hand in Hand Von L. Haney I have had this book in my collection for a long time now, and I have been in the Deliverance and Healing "business" for a long time now. I am always impressed with the personal humbleness and straight-forwardness of Francis, and if he doesn't know something, he will tell you that also. This should be in every person's collection, especially for the ministerial body, but there are other books that may lend additional insight to the relationship between medical illness and spirits of Darkness. Here are a couple that I recommend - The Demonologist: The Extraordinary Career of Ed and Lorraine Warren, and The Power of Divine: A Healer's Guide - Tapping into the Miracle by Tiffany Snow. We are in a warfare like no other, and the Lord provides the right information at the right time for it. And NOW is no better time! Blessings to All, as we fight the fine fight!0 von 0 Kunden fanden die folgende Rezension hilfreich. Best manual on the subject of deliverance Von mslawson70 This is an excellent book on the practical how's and why's and when's when the deliverance ministry is where God has led you. Relevant examples, good balance of inner healing of wounds and spiritual healing is taught. As my own life experiences with this ministry accumulate, the information he gives is verified and affirmed repeatedly, especially when dealing with the spirits, entry points and how to proceed. Of course, the Holy Spirit is still the primary source of all "how-to's", but the information MacNutt offers is invaluable. Also recommend Noel and Phyl Gibson's Evicting Demonic Intruders and Rebecca Brown's He Came to Set the Captives Free. I have read over 80 books on the subject of deliverance, demonology, occult and the like, and the above mentioned books offer the best insight and information.

Kurzbeschreibung A guide to deliverance ministry explains the biblical record and clarifies what a deliverance ministry is and how it functions in the church of today. Kurzbeschreibung A guide to deliverance ministry explains the biblical record and clarifies what a deliverance ministry is and how it functions in the church of today. Synopsis This work provides a balanced and comprehensive introduction to the deliverance ministry.
