**Von Peter Novobatzky, Ammon Shea : Depraved English: The Most Disgusting and Hilarious Word Book Ever** before purchasing it in order to gage whether or not it would be worth my time, and all praised Depraved English: The Most Disgusting and Hilarious Word Book Ever:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. funny and smartVon DanielleEveryone has, at some point, lost a good chunk of time poring over the dictionary in search of new, unusual and even bizarre. These guys did just that and compiled them. Many of the words are sexual in nature, but not all are sophomoric. What I love about the book is that for each word, they write a sentence or more about that

word. Sometimes they put the word in a sentence, to put it in better context, other times they explain it or give you some commentary. The book is both hilarious and serious at the same time. Good intellectual fun, bringing new meaning to "increasing your vocabulary." 0 von 0 Kunden fanden die folgende Rezension hilfreich. Smart, wicked, hilarious Von Ein Kunde This book reminds you of what a surprising, exciting, bizarre treasure trove our English language really is. The authors' abundant delight in words comes through on every page. Yes, the words are depraved, but they are used for the most enlightened of purposes: to help us better describe the world around us and to become better aware of aspects of it that we didn't know existed. But forget all that, it's just fun. It's a lot of fun to read beautiful words about nasty things. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The funniest book I have ever read!!! Von Ein Kunde This is probably the single funniest book I've ever read. I never knew that words like this existed. These are the words that I've been looking for to describe everything in life that I thought was indescribable. Furthermore, the author illustrates the words by using each one in a sentence. My friends and I had hours of fun either just reading aloud to each other or using the book to play word games.

Kurzbeschreibung From aboieiment to zoerastia, a guided tour of the lantrified underbelly of the English language This unusual, un-put-downable little volume by Peter Novobatzky and Ammon Shea collects more than three hundred of the English language's most disgusting, offensive, and obscene words--words that have fallen out of common usage but will no doubt delight, amuse, and in some cases prove surprisingly useful. Who hasn't searched for the right word to describe a colleague's maschalephidrosis (runaway armpit perspiration), a boss's pleonexia (insane greed), or a buddy's fumosities (ill-smelling vapors from a drunken person's belches)? Word lovers, chronic insulters, berayers, bescumbers, and bescupewers need feel like tongue-tied witlings no more: Finding the correct, keck-inspiring word just got a whole lot easier with Depraved English..de My husband--I am not pleased to say--and a college friend used to get a lot of mileage out of the fact that they were the only two people on earth who seemed to know the meaning of the word callipygian ("having nicely shaped buttocks"). If only Depraved English had been available to them then, they would have had a whole lexicon for their agastopia ("the admiration of a part of someone's body"). But this book isn't just for those who are pygophilous-er, "fond of buttocks." It's the best source out there when you're looking for that special word to describe the involuntary blurting of animal noises (aboieiment) or the spit-out juice from chewing tobacco (ambeer). It's also invaluable when you're looking for that perfect term to describe someone who has deep cleavage (bathycolpian), is prone to farting (bdolotic), or has runaway armpit perspiration (machalephidrosis). Just don't let it fall into the hands of some gambrinous ("full of beer"), college-age gynopipers (they who "stare lewdly at women"). --Jane Steinberg Pressestimmen ""Depraved English" is anything but depraved. Don't believe the title. It's a book on language you can read on subway, bus, and plane--though you have to be ready for surprised looks when you laugh out loud or give little yelps of joy. Your choller will wobble as you pick at your gound and, ever after, flat English will give you an attact of rectalgia. If someone is majoring in English, give him or her this book. Give it to your Randy grandma." --Frank McCourt, author of "Angela's Ashes" and "Tis". "Delicious and disgusting by turns, "Depraved English" is an invaluable and cleverly worked "vade mecum" for those millions of us who (a) are fascinated by sex and (b) enjoy insulting people. No intelligent home should be without it." --Simon Winchester, author of "The Professor and the Madman"
