Von Peter Hathaway Capstick : Peter Capstick's Africa: A Return To The Long Grass before purchasing it in order to gage whether or not it would be worth my time, and all praised Peter Capstick's Africa: A Return To The Long Grass:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. PHC's bestVon Mr. Rafe W. SingerThis book is the definitive Capstick work. It is absolutely wonderful, and should be required reading for those who want to go to the Dark Continent and hunt the things that Bite and Trample. Capstick's wit is sparkling, and his hunts are riveting. Papa Bear Hemingway would be proud.1 von 1 Kunden fanden die folgende Rezension hilfreich. This book was sensational.Von Ein KundeReturn to the Long Grass was probably the best book I have read in years.I could not stop reading it! I could feel the hot African heat and the chilly nights.I would recommend this book to anyone who dreams of going to Africa on a safari

Kurzbeschreibung For the readers of hunting literature, the name of Peter Capstick is becoming synonymous with excitement, danger, and high adventure. Such highly successful titles as *Death in the Long Grass*, *Death in the Silent Places*, and *Death in the Dark Continent* have established him as the modern-day master of African adventure writing. Sportsman, adventurer, raconteur par excellence, Capstick has in many ways done for contemporary hunting literature what Hemingway and Robert Ruark did in decades past. Until now, Capstick has written post facto about classic hunters of the past and safaris in which he participated as a professional hunter. Peter Capstick's *Africa*, however, is a very different breed of book: it is the enthralling tale of an entirely new safari, an exciting first-person adventure in which Peter Capstick returns to the long grass for his own dangerous and very personal excursion. The result is a definitive work on African hunting, and one of Peter Capstick's greatest achievements to date. In 1985, Capstick went back into the African bush with two top photographers and a crack professional hunter. It was a venture taken for personal challenge, and for the chance to look anew at what had become of the Africa immortalized in his own earlier works. Peter Capstick's *Africa* is the chronicle, in text and pictures, of this safari. It is full of the same edge-of-the-seat narration, witty anecdotes, and wry observations that have made Capstick's earlier books so popular. But in addition, it tells the story of Africa today as Capstick sees it: a place that is in some ways the same as, but in many different from, the "dark continent" of even a few years ago. The text of the book has been integrated with the photographs of Paul Kimble and Dick van Niekerk into a lavish full-color production that illustrates Capstick's story in a way his fans have never seen before. Peter Capstick's *Africa* is a book few lovers of travel and adventure will want to be without.
