**Von Mark Sisson : Photographing Birds** before purchasing it in order to gage whether or not it would be worth my time, and all praised Photographing Birds:

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Sehr zufrieden.Von Pavol SchwabEine sehr interessante Fachpublikation ueber die Birdfotografie. Vergleichbar mit anderen Profis im Bereich der Birdfotografie. Ich bin zufrieden mit dem Einkauf dieses Buches.

KurzbeschreibungBird photography is one of the most challenging genres of photography, and can test even modern high-specification cameras to their limits. This practical book guides you through both how to understand your camera

and how to develop your own style and approach. With technical, practical and creative insights throughout, it also emphasizes the importance of fieldcraft and understanding your subject. The book advises on cameras and equipment, explains the importance of light and composition, encourages experimentation and a creative approach, suggests project ideas and locations and demonstrates post-capture processing. This practical book helps you master the challenges of photographing birds and to capture their beauty, flight and behaviour and will be of great interest to bird photographers, bird enthusiasts, artists and ornithologists. Beautifully illustrated with 160 stunning colour images.
