Von Olga Very good Instruction for parents, who just bought a camera and don't know, how to use it for photographing their kids. This book also good for professionals, because it has not so simple and interesting view for baby/kids photography. Recommend ;-)

Kurzbeschreibung No one loves taking pictures more than parents. But the combination of complicated digital cameras with fast-moving kids means no one is more flummoxed by taking pictures, either. This easy-to-use manual offers parents the tools they need to make beautiful, lasting, and evocative memories. Author, photographer, and mom of three Jen Altman shares her keen eye for the honest moment in this treasure trove of helpful instructions and inspirational photos.
