**Von Scott Kelby : Photoshop for Lightroom Users (Voices That Matter)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Photoshop for Lightroom Users (Voices That Matter):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. the right book if you come from LightroomVon ghostits a great Book, a typical Kelby . It's everthing included you need , you can get all the typical , fotographers problems solved. It is the book you need for your PS Problems if you want to keep using Lightroom.

KurzbeschreibungAnyone who uses Adobe Photoshop Lightroom for image management, editing, and workflow knows it is great software, and it has only gotten better with each new version. But there comes a time in every Lightroom users life when they want to do somethingand they just cant do it. While Lightroom covers the vast

majority of a photographers needsmany say it covers roughly 80% of a professional imaging workflowit just cant do everything a shooter needs to put the final touches on a great image. Scott Kelby, the #1 bestselling author of photography books, wrote Photoshop for Lightroom Users exactly for those Lightroom users who have recognized that they need Photoshop for the other 20% of their workflow, which will take their images to the next level. There is already a substantial audience for this book, and of course Adobes brand-new offering of a Lightroom and Photoshop Creative Cloud bundle for \$9.99/month will certainly help grow this Lightroom-and-Photoshop audience very quickly in the coming months. These users dont need to know everything about Photoshop. They just need to know the essentials edits, techniques, retouching tutorials, and tweaks that they cant perform in Lightroom, but which will take their images up a notch. Scott covers everything from compositing to adding text over an image to retouching to creating a book cover to advanced sharpening techniques. With Photoshop for Lightroom Users, readers will learn all they need to know in order to fold Photoshop into their imaging workflow with Lightroom.
