Von Ana Lomba : Play and Learn Spanish, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Play and Learn Spanish, 2nd Edition:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good quality of book and sound.Von Hans-j U. Elisabeth StoffelsThe book is made in a larger format on high quality paper in full color. But the main text is not printed on darker colors or even pictures that would disturb reading and orientation. The text is on warm pastell colors. On the left the Spanish text, on the right the translation in English. Benearth a row of pictures of special words.The voices are clear and in good quality, the integrated songs nice and clear. The child in of the family in the story seems to be spoken by an adult. This is not bad, but I hate the naughty tone of voice the adult puts into the child. Often it sounds quite rebellous. A tone I would not like a child to express

constantly. The "no" of the child is even so naughty and loud that it causes one to switch on faster. This seems the only disadvantage of this course. I am a German who uses many language courses and I tried some for children to learn the way children speak and the vocabulary of children and the world of children. I use Spanish/English courses to enrich the ones that I own in German. This as a background information.

Kurzbeschreibung Choose the children's language course trusted by other moms and dads. The Parents Choice award winning-language program will get your child speaking Spanish while having fun! Introduce your child, age 1-7, to a new language with this easy-to-follow, fun learning program.
