Quick Tips from a Professional Editor: 100% Worth itVon Clara\_wI cannot put to words how much I loved Polish Your Fiction. If youre a writer, you need this book.Polish Your Fiction gives you simple and straightforward advice that is worth sooo much more than the price of the book. Seriously, lets say you paid X. The value youll get is X \* 500.And the checklists, bro. The checklists are awesome.Im someone who learns by doing. I dont need a lot of theory; I need examples. Jessica delivers both in a very dynamic way. This book answered so many questions I had for a really long time, and most important of all, it kept me interested to the end. Its a wonderful guide to making your fiction shine, whether youre a seasoned pro or someone starting out.Ill keep it close once I start polishing my manuscript, and so should you.
