**Von Arthur W Pink : Practical Christianity** before purchasing it in order to gage whether or not it would be worth my time, and all praised Practical Christianity:

Adrian How to rightly apply the truths of Scripture in our lives is the essence of practical christianity. Pink gives us a Biblical perspective on how to view Christian doctrine on p.135, "There is no doctrine revealed in Scripture for a merely speculative knowledge, but all is to exert a powerful influence upon conduct. God's

design in all that he has revealed to us is to the purifying of our affections and the transforming of our characters." The Christian ought always to have this in view, that my desire to know more of God's truth is that by His grace I may walk in the light of it. Some of the most helpful things Mr. Pink has written on experimental christianity are found in this book. The keeping of the heart is rightly set forth as the great concern that it ought to be in the life of every believer. Pink gives some very helpful definitions as to what the keeping of the heart is. For example on p.100 "To keep the heart means striving to shut out from it all that is opposed to God...God is a jealous God and will brook no rival; He claims the throne of our hearts, and requires to be loved by us supremely." This book will be of immense help to anyone who would like to know how they may so live, as to increasingly honour God in their daily lives.0 von 0 Kunden fanden die folgende Rezension hilfreich. Are you ready to walk uprightly before God? Von Skip Masick GOD measured much light to A. W. Pink. Chapter 13 of this book is the substance pointed to by the previous 12 chapters. In it, Pink compares and contrasts GOD's decretive and preceptive wills, His foreordination and providences, and the relationship between these concepts and His sovereign decrees and His Divine governmental ways over His creation. He makes a strong case throughout both administrations of the covenant of grace for the providences of GOD being regulated by the righteous conduct, or lack thereof, of His peculiar people (not towards merit but to the reception of blessing or chastisement). It is a masterpiece on the doctrine of the obedience of faith. Increasing in holy conduct is not an option for the people called by His Name, and Pink drives this concept home.0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung Arthur W. Pink has become known as a masterful expositor of the Word of God. Both his expository works and some of his doctrinal works have long been in print. His deep concern for experimental Christianity and the practical Christian life, however, is not so well known. Yet he wrote many short series and single articles on what Scripture has to say about the inner man. And in writing these articles Pink expounded the Scriptures as penetratingly as he did in his expository and doctrinal writings. His practical Christianity, then, is not a collection of pious thoughts on the Christian life or a simple outline of Scripture, but a full treatment of the subject. Kurzbeschreibung Arthur W.
