prophecy, but a story of a man, and "Source" you call God. A journey through a mystery school, the greatest mystery school of all - earth. The author was well chosen (by the Source), for it is a good read for anyone and covers many aspects of human life, giving many insights. It is pointed out that a prophecy fails to serve its purpose if it is fulfilled. The message is empowering and hopeful, throughout the book. We may quickly realize our own power to shape destiny, a qualitative, genuinely revolutionary transformation awaits. Without question this gift is of God for all to read.
