Von Kevin Henkes : Protecting Marie before purchasing it in order to gauge whether or not it would be worth my time, and all praised Protecting Marie:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. What an amazing display of emotion... Von Michael J. Snider I never really thought I would get into this book. I just nonchalantly picked it up off of the bookshelf in the library. I began to read it. I was pulled in by the very real display of emotion, and the dialog was also very realistic. The characters were described so well, I could almost see them. The story line was also something that actually does happen. Dogs do get taken away because of destructive habits. As I

read the story, It felt like it was really winter outside, and I imagined myself sitting in front of a warm fireplace, listening to it crackle, and drinking hot chocolate. Just like Fanny. I read the whole book in less than a day. I couldn't disconnect myself from it. I recommend it to anyone and everyone.0 von 0 Kunden fanden die folgende Rezension hilfreich. HEART WARMINGVon Ein KundeProtecting Marie was a fabulous story. It was sad, but at the same time happy. It was around Christmas time and also Fanny's father's birthday. They had everything ready. They had guests coming, cakes baking, decorations hung but there was only one thing missing. Fanny's father Henry, he had disappeared on his birthday. Fanny thinks that he left because of her. Ellen, Fanny's mother, thinks he left because he is going through a mid life crisis. Fanny has always wanted a dog. She got one but it was taken away and given to another family. The reason why the dog was taken away was because it was eating many valuable things. Fanny thinks that her dad is going to get her another dog. Will she?? Will her dad even return??0 von 0 Kunden fanden die folgende Rezension hilfreich. I loved how the author wrote this book!!!!Von Ein KundeI liked how the author referred to protecting Marie, the paper doll to protecting Dinner, the dog. I liked it how the author used his imagination in how to write this book.

Kurzbeschreibung"Fanny sensed that from the moment she was born she was meant to have a dog. It was as though some unique and independent organ deep inside her, like a tiny heart, couldn't thrive properly without one."With humor and compassion Kevin Henkes tells Fanny's story. But this is not just a dog story. This is a story about a girl and tier father. This is a story about growing up. This is a story about wanting and getting and realizing that nothing is simple or easy..deAt the cusp of adolescence, 12-year-old Fanny Swann has reached a crisis point in her relationship with her artist-father Henry. Most recently, there was the betrayal. After years and years of having his daughter beg for a dog, Henry finally gives her a puppy. But when the precious pup starts chewing furniture and making puddles in the studio, Henry insists that the culprit be given away. But even before the betrayal there had been tension between Fanny and Henry. His need for orderliness and solitude was always in opposition to Fanny's need for companionship and clutter. Months later, on Henry's 60th birthday, he brings his daughter a trained 3-year-old dog named Dinner. The replacement dog does not mend the broken trust. Rather, it underscores just how shattered Fanny's trust truly is. Kevin Henkes is sympathetic to the struggles of an aging, uninspired artist as well as the ache of a young girl who longs to believe in her father, but is afraid to take another leap of faith. When the source of their rift--Fanny's need for a dog--becomes the source of her father's inspiration, Henkes does not settle on a pat ending. Instead, he dares to enter the deeper complexities of the father-daughter relationship, exposing young adult readers to the emotional vulnerability of both parents and their children. School Library Journal Best Book, Publishers Weekly Best Book. (Ages 12 and older) --Gail HudsonKurzbeschreibung"Fanny sensed that from the moment she was born she was meant to have a dog.
