Supplement with The Complete Guide to the Book of Proverbs. Von Ein Kunde Overall this is a good fill-in-the-blank workbook for studying Proverbs individually or in groups. Group study suggestions are made and there are leader's notes. Although the copyright is 1975, it was revised in 1993 by Dee Brestin. Most quotes are from the NIV. The 5" x 8" booklet has 96 pages and offers 16 lessons based on selected themes. For a more in-depth commentary on Proverbs as a companion read THE COMPLETE GUIDE TO THE BOOK OF PROVERBS by Cody Jones. The comments are interesting and very readable and put things into a historical setting. It includes many historical drawings and photos to give you a sense of the culture of the time. There is a topical guide and 6 translations in parallel to aid understanding.

Kurzbeschreibung This study guide links the truths of the proverbs and the parables and applies them to contemporary living. It offers penetrating questions, a flexible format for groups and helpful leader's notes.
