Worship Controversy Von worship.com Excellent commentary on one of the greatest controversies of the church coming into the year 2000. Should be read by anyone interested in the subject of corporate worship.

Kurzbeschreibung YOU CAN BECOME THE PEACEMAKER IN THE WORSHIP WARS. DISAGREEMENTS OVER WORSHIP STYLE ARE INCREASINGLY COMMON IN TODAY'S CHURCHES. Some congregations find themselves torn apart; at others, confrontations simmer just below the surface. PUTTING AN END TO WOSHIP

WARS gives you the ammunition you need to make peace among warring factions and promote healing within the church. Focusing on American worship styles of the late 1990s, this book describes objective criteria for appropriate worship, based on longstanding traditions, contemporary needs and expectations, and the natural differences among Christians perception of their relationship with God. PUTTING AN END TO WORSHIP WARS will help you identify points of agreement between opposing sides, encourage members of one camp to respect the views of the other, and remind everyone of the biblical mandates for forgiveness, compassion, and understanding that should accompany every act of worship, electric guitars or not.
