Von Giles Lytton Strachey : Queen Victoria (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Queen Victoria (English Edition):

Enjoyed book, but a little dry - informativeVon Ein KundeI enjoyed this detailed book about Queen Victoria's life. It had a lot of detail, but the writing style was a bit dry and old-fashioned (the book was written a while ago). It also didn't have as much detail of her life after Prince Albert died, which was unfortunate. It was sympathetic to her and generally very informative. I would recommend this book highly to people seeking to learn more about Queen Victoria, but not to someone seeking "light reading" as it is a bit hard to read due to the older writing style.
