I bought this book because I wanted to learn something about self defence. And in fact the things in this book are what the title is saying: Quick and dirty ! The whole book is about improvised weapons and

using every day items as weapons. You also get an idea of how to strike with these weapons. The book is easy to read everybody can use the ideas even if totally untrained and it is even in an interesting writing style. You do not get any knowledge about unarmed fighting strategies or fighting techniques at all. It is more hit and smash. I think a lot of these techniques could cause problems in the view of law and can be called self defence violation (exceeding). And I can really recommend you to use the things in this book only if you are in a life or death situation which otherwise will cause your or your families direct death. Otherwise you will probably be punished by law because you harmed somebody really bad. But in fact for these situations you will find a lot in this book. But I never was in such a situation and hopefully will never come up with it !!! 3 von 4 Kunden fanden die folgende Rezension hilfreich. Nicht ganz, was erwartet, aber sehr unterhaltsam und interessant. Von Aretin Ich hatte ursprünglich Methoden erwartet, mit denen ich meiner leidgeprüften Tisch-Rollenspielrunde neues entgegen werden könnte, wurde dann aber von dem doch recht zielgenauen Anleitungen überrascht. Dieses Buch ist kein klassisches Selbstverteidigungsbuch, es vermittelt sehr drastische Methoden, aus Alltagsgegenständen probate Waffen zu machen, respektive, als solche zu nutzen. Dabei ist es überraschenderweise locker und unterhaltsam geschrieben und sorgt hier und da für ein Grinsen, trotz der recht drastischen zur Schaustellung der Wirkung selbiger Gegenstände. Es regt auf jeden Fall zum Nachdenken an und man nimmt gewisse Gegenstände völlig neu wahr. Auch wenn ich zu 99,9% die Techniken nie verwenden werde/möchte, hat es mir eine neue Perspektive aufgetan.

Kurzbeschreibung Quick and Dirty Fighting is written in clear, concise instructions on how to improvise weapons and how to use them. Most of these weapons can be improvised within seconds. In certain situations you will not have a long time to make a weapon to defend yourself, more often, you will just have to rely on what you can pick up and use immediately. This book will not only teach you how to improvise weapons, but will also show you how to use them in extraordinary situations. Some common mundane items that you can use to improvise weapons are belts, socks, neckties, pens, pencils, books, padlocks, batteries, cups, soda cans, the list can go on and on. Basically anything thing with a point or with weight to it, you can use to defend yourself. Even paper clips can be used to set the odds in your favor! There are also items you can use in conjunction with one another to make seemingly innocent items, terribly lethal.
