Exciting and fantastic ...Von Choey... these are the words, that describe Book Two.You get to know more about the story of Rain and his quest and he has to go through many challenges and adventures. His companion is an enchanting

beautiful Geeya, some sort of fairy. And he will get to know first love with a girl, who also does her quest. And he will meet a few new friends. It was a pleasure to read this book. I think especially for girls it is interesting when it comes to the love thing. Just wonderful. The book is longer than the first, more detailed and intense. I for one can recommend this book.

Kurzbeschreibung Rain looked around for his Geeya, trying to adjust to the darkness surrounding him. Something about this place was so off. "Geeya! Geeya!" he called, sounding almost frantic with worry. She floated into existence and Rain sagged with relief. Where were you?! And where am I? he demanded from her. She looked at him with wide, almost fearful eyes. She was not wearing her usual serene smile. These two things combined made fear pound through his veins. You are at the lair of Miti. informed his Geeya. Rain's hair stood on end as he watched a pale figure advancing rapidly towards him, crawling through the air like a spider would through its web. What is that?! he cried. His question was answered a second later, but not by his Geeya. Kurzbeschreibung Rain looked around for his Geeya, trying to adjust to the darkness surrounding him.
