Von John Malathronas : Rainbow Diary: A Journey in the New South Africa (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rainbow Diary: A Journey in the New South Africa (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Somewhere over the Rainbow NationVon Nicole WeltThe Rainbow Diary took me back to my first days in South Africa, the first few days I was paralysed by the fear of getting mugged or killed (so many people told me so in Europe), but the country is so much more than crime. There are so many aspects, and all these you will find in that

book. It is an important book, a look from the outside, that makes you smile when you know the places and the things that can happen in this country. But it also shows the problems of the country in a realistic way through the eyes of an open minded traveller. I'm looking forward to go back to the country (as I did many times before) and come back to some of the places mentioned in the book. There is also good information on history and background and useful websites to get more details. But travel to the end of the rainbow and discover the Rainbow nation yourself, you won't regret it, that book will help you!

Kurzbeschreibung A fascinating portrait of the new South Africa by the acclaimed author of *Brazil: Life, Blood, Soul*. From the stillness of the Karoo savanna to the warmth of the Indian Ocean, and from the exclusive white neighbourhoods of Pretoria to the destitution of the black townships in Cape Town, John Malathronas chronicles a journey in one of the most beautiful countries on Earth. Whether dancing the night away in a club, mountain-biking on the backpacker's bus or watching animals on a safari, John Malathronas is full of sharp observations, be they social, historical, political or botanical. The author draws fascinating portraits of the many Afrikaner, Xhosa, Zulu, Indian and Swazi characters he encounters, all of whom make up the tapestry of the new South Africa.
