**Von Anthony Trollope : Ralph the Heir (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ralph the Heir (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Trollope shines as portraitist, moralist, amiable cynicVon EricaRalph The Heir, written late in Antony Trollope's life, is not as well known as his Palliser or Barchester novels, and this is a great shame. To my mind his talents are on display here in all their mature glory; his penetrating observation of human motive and weakness, combined with a raucous, convaluted storyline and a wicked sense of humor. Trollope knows people through and through, and it is no small

thing that he refuses here to make even his villain a monster. In true Trollope form, Ralph who is the heir (there are two Ralphs and two heirs) is in embarrassed circumstances. Having spent a rather idle life waiting for his uncle to die so that he might inherit (and with the old squire hale at sixty, this will not likely happen soon), Ralph finds himself in debt up to his eyeballs...or perhaps his hand-tooled hunting boots. With a stable of hunters and a fierce riding breeches habit, Ralph must do something, but what? Just what Ralph does, and how it touches the whole pantheon within his circle (and a few decidedly outside it!) gently underlines Trollope's deep concerns for his time: just what is a gentleman? What, indeed, is nobility in man and woman? And how are we so often willfully blinkered by love, loyalty, ambition, and hate? There are several storylines in *Ralph The Heir*, and the author does not disappoint those who delight in watching him tie all these delicious tales together in almost Seinfeldian fashion. Parliament figures prominently and the election (or rather the attempt at an election) of a principal character is so marvelously portrayed, so wicked, it alone is worth the price of the book. Trollope is a gem. Gentle, kindly in his characters, he truly loves people and when he laughs at them, I rather think he is laughing also at himself. Enjoy this; it's one of Trollope's best.

Synopsis Tells of two cousins, both named Ralph, and the problem of their inheritance of Gregory Newton's estate. Newton dearly wishes to leave his land to his son, an honest and trustworthy man, but illegitimate. Instead he feels compelled to bequeath it to his nephew.
