**Von John Friscia : Ram Van Bamf and the Doomsday Conspiracy (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ram Van Bamf and the Doomsday Conspiracy (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wham Bamf Boom Kapow - Wow Von Max Schreck An awesome, well-crafted read which will keep you glued to the pages. I found it hard to put it down in between chapters, because you WANT to find out how the story is developing, if the

actions Ram, Fran, Fuzzy, Ruttiger, Little Jimmy Co. will turn out the way they want and what else Gyakusatsu has in store for them. The characters are well drawn and coherent. No superheroes coming flawlessly and sterile right out of a cellophane bag, but characters with flaws and imperfections like everybody else, which makes them more endearing. Written in a language which makes it easy to visualize the action (at least if you ever once in your life have read comics), it is humorous and well-paced. Definitely falls into the category Books to be read more than once without getting boring. If you are looking for a humorous, highly-entertaining, action-packed novel with a non-gushy romance added to boot, go and get Ram van Bamf and the Doomsday Conspiracy!

Kurzbeschreibung Ram Van Bamf is a man who suplexes cars with his face. More powerful than a nuclear bomb and durable enough to survive in the vacuum of space, Ram is both the best and worst thing to ever happen to his home city of Ultratropolis. Although his testosterone-driven frenzies regularly cost the city millions of dollars in accidental damages, he is otherwise well-mannered and dedicated to upholding justice. In truth, his very presence in Ultratropolis acts as a deterrent against all criminal activity, but as Ram will soon discover, crime always exists in the margins. Following a battle to the death with a Tyrannosaurus rex on a mountaintop, Ram unwittingly finds himself embroiled in a conspiracy that could spell devastation for the entire world if he cannot stop it. While Ram is not a thinking man, he quickly makes an ally out of the young and serious-minded business tycoon Fran, who does all of the thinking for the both of them. Together, Ram and Fran will explore the darkest corners of Ultratropolis to unravel the truth, but not without making some unwanted discoveries about themselves. Melodrama abounds in this hypermasculine adventure of love, laughter, and skull punching.
