Courtesy of Teens Read TooVon TeensReadTooFor Serena Nelson, fitting in has never been easy, but it was possible.A punk skater at heart, she had her own niche of like-minded friends who didn't mind that she was deaf. Serena's talents for lip reading are excellent, and allow her to live a pretty normal life.When she moves to a small town, the preps in her new

school see her talent as something to profit off of, and use Serena to get the juiciest gossip, enticing her with a membership into a secret sorority and the promise of fitting in. But will her so-called friends go too far? **READ MY LIPS** is an attention-grabbing page-turner. Serena is a smart and edgy narrator, who is quite normal despite her condition, and doesn't seek attention because of it. Her desire to fit in is something that we can all empathize with, and the lengths that she goes to do so are relatable. But it's how she fights back and overcomes those that belittle her that makes **READ MY LIPS** such a compelling and quick read. The story is a delightful mix of complex characters, biting wit, and the angst that comes with making new friends. Reviewed by: The Compulsive Reader

But Serena is deaf, and she can read lips really well—even across the busy cafeteria. So when the popular girls discover her talent, there's no turning back. From skater chick to cookie-cutter prep, Serena's identity has done a 180...almost. She still wants to date Miller, the school rebel, and she's not ready to trade her hoodies for pink tees just yet. But she is rising through the ranks in the school's most exclusive clique. With each new secret she uncovers, Serena feels pressure to find out more. Reading lips has always been her greatest talent, but now Serena just feels like a gigantic snoop...
