Recommended! Von Ein Kunde A great supplement for someone like myself who is reading the New Testament for the first time. Perkins' book really helps clarify and put into context the books of the New Testament. I probably would have liked it more had it not been assigned reading, but I would definitely recommend it to anyone who is interested in

gaining a deeper understanding of the New Testament.0 von 0 Kunden fanden die folgende Rezension hilfreich.  
worthwhile new testament introductionVon Ein KundePerkins' work is a solid scholarly introduction to the New Testament. I found it very helpful and enlightening as an undergraduate textbook. Although leaning to the theological left on some issues, Ms. Perkins' volume provides valuable information for students of the New Testament.
