Viel Medizinisches und Werbung fr Kurse, zu wenig tauchtechnischesVon Stefan MenzelFr meinen Geschmack ist der medizinische Teil viel zu ausfhrlich dargestellt, das rein tauchtechnischekommt zu kurz und am Ende wurde dann mit Kursbeschreibungen aufgefllt.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great intro into the world of technical divingVon GonzaloThis book is a great introduction for those people who wondering whether trimix and technical diving is for them. .

Kurzbeschreibung Trimix - a mixture of oxygen, helium and nitrogen - allows a diver to experience less narcosis during a dive than when breathing air or nitrox. Previously the exclusive preserve of deep divers, trimix is experiencing a renaissance - with divers in the 24 - 40m range coming to appreciate the benefits of a clear head underwater. This book explains the techniques, tips and equipment needed to safely dive with Trimix. It's the ideal companion for the IANTD Recreational Trimix Diver or IANTD Advanced Recreational Trimix Diver courses, but can also be read alone.
