KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Essays and articlesVon Henning GloegeThis is a collection of essays and articles detailing the author's lifelong pursuit of adventure in the southeast Asian region. These adventures are all repeatable, and, for the most part, sound interesting enough. If you get even a small pang of excitement when you read Conrad, then you should do yourself the favour of buying this book. And then maybe, just maybe, you might turn a different page in the history that is your life. This is

most definitely an exciting and entertaining way to spend a few free hours. Better than sitting in front of the TV. Get it!
