Von Irving Jensen : Revelation- Jensen Bible Self Study Guide (Jensen Bible Self-Study Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Revelation- Jensen Bible Self Study Guide (Jensen Bible Self-Study Guide Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great guide for raising questions... fewer answers. Von DJRACOOKI recently participated in a small group that used Jensen's guide in a study of Revelation. The general consensus seemed that while this book was excellent in creating questions pertinent to a fairly detailed study of Revelation, this guide was frustratingly short on answers. For this reason I think that the Jensen guide is best used in conjunction with other research materials from which to find answers. However, for a small group that is looking for specific and meaningful ways to provoke discussion about the book of Revelation, I would recommend this study guide. I have no doubt that this guide is written from a Christian perspective and it encourages insights in that direction. Overall, this guide is a fine resource, but a bit lean as a complete work.

KurzbeschreibungExploring the Bible's message is easy and exciting with these complete do-it-yourself Bible study guides. Each study includes helpful outlines, charts, maps, diagrams, and explanations. Excellent for personal, group, or classroom use.
