Von Jessica Jahiel : Riding for the Rest of Us: A Practical Guide for Adult Riders (Howell reference books)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Riding for the Rest of
Us: A Practical Guide for Adult Riders (Howell reference books):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A one-

of-a-kind book for recreational riding adults. Von Rita.Creitz@noaa.gov Thank you for this book. It provides useful, practical information for riders like me who are working full-time and have no aspirations other than to be informed and guided so that my riding is as pleasurable as possible. Dr. Jahiel speaks plainly about the various aspects of owning a horse versus leasing one, how to find a competent instructor, and how to enjoy participating in a horse show even if you're "not in the ribbons." I ride because I love the process of learning and expanding my relationship with my horse. This book is another tool in my equine toolbox that keeps my passion for horses alive and well regardless of life's daily pressures. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Adult, considering riding? BUY this book! Von L. Kantor Up-to-date book with practical, realistic info pertaining to TODAY, here in the U.S., not another stuffy and confusing book from the U.K. (no offense meant - y'all are just different). If you are an adult who is thinking of riding, get this! It will take away all concerns answer all questions - including ones you didn't think to ask - and get you confidently started on a satisfying and possibly lifelong learning partnership with your best friend - the horse. 0 von 0 Kunden fanden die folgende Rezension hilfreich. At last! Someone who understands the rest of us! Von Ein Kunde More important than her understanding of horses and horse training (which is phenomenal), Jessica Jahiel clearly understands the complexities of adult life. No unrealistic advice here, no silly assumptions about unlimited time and money, no fantasies about the perfect riding facility or super athletes--equine or human. This book is full of practical, down-to-earth advice, and perhaps would have been better titled "Riding for Most of Us."

Kurzbeschreibung A Practical Guide for Adult Riders The Howell Equestrian Library is a distinguished collection of books on all aspects of horsemanship and horsemastership.
