Von L. Frank (Lyman Frank), 1856-1919 Baum : Rinkitink in Oz before purchasing it in order to gage whether or not it would be worth my time, and all praised Rinkitink in Oz:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Better fantasy than more 'ozzie' books in series. Von Ein Kunde An "Oz" book only in that it is a fantasy, the nome king fits in peripherally, and there are some deus-ex-machina intrusions of Oz characters at the end. Actually better than some of the more traditionally "Oz-y" books, the dangerous situations seems more dangerous, the devices a little more like traditional fantasy than the fairy tail world of Oz. Excellent kids fantasy whether they like Oz material or no, and even

better for us older kids0 von 0 Kunden fanden die folgende Rezension hilfreich. wonderful fun that explores some lands surrounding oz itselfVon Ein KundeThis was a fun read. All of the characters villians are new. All of the excitement pertained in The wizard of oz, was also here in this book. It still reads like a childrens book, but as childrens books often do, it lets your imagination run wild, and I like to lose myself for several hours every now then.0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolutely delightful - for all agesVon Ein KundeBaum has combined magic, suspense, adventure and pure delight into this wonderful odyssey. It's as fun to read today as it was over forty years ago.

KurzbeschreibungHardPress Classic Books SeriesKurzbeschreibungHardPress Classic Books SeriesSynopsisHere is a story with a boy hero, and a boy of whom you have never before heard. There are girls in the story, too, including our old friend Dorothy, and some of the characters wander a good way from the Land of Oz before they all assemble in the Emerald City to take part in Ozma's banquet. Indeed, I think you will find this story quite different from the other histories of Oz, but I hope you will not like it the less on that account.
