For English specialists and those who want to learn moreVon Roly PolyThis is a wonderful dictionary of proper English usage (and common mistakes!). It's intended for those who are (relatively) proficient in English, but would like to polish it -- and for those who are still learning the language and/or would like to make their speaking and writing more accurate and precise...'Hoch-English'.

KurzbeschreibungRobert Hartwell Fiske aims to eliminate laxity in language today by way of this witty and engaging reference. Fiske rails against "lexicographers and ding-a-linguists" who, with their misguided thinking, actually promote the dissolution of the English language. He also illustrates why dictionaries don't always provide the correct meaning or usage of a word. With concise instruction and numerous examples of misused words, Fiske makes it easier than ever to learn from others' mistakes. This comprehensive dictionary of common misusages lays bare the mistakes we all make every day. Robert Hartwell Fiske, the grumbling grammarian of our time, shows you the definitive right way and wrong way to use language--and illustrates why dictionaries don't always provide the correct meaning or usage of a word.KurzbeschreibungRobert Hartwell Fiske aims to eliminate laxity in language today by way of this witty and engaging reference.
