**Von Louis Sachar : Someday Angeline (Avon/Camelot Book)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Someday Angeline (Avon/Camelot Book):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. I LOVED IT!!!!!!Von Ein KundeI loved how Louis Sacher described Angeline's personality and life. I thought it was sweet that she could be anything from a layer to president, but she wanted to be a gar bage person like her father. I have read Wayside school books, but this was THE funniest of them all! I felt sorry for Angeline because she was laughed at for doing things that came natural to 8 year olds. Like, for example, sucking her thumb and being very

emotional about every thing. I agree with Miss Turbone (a.k.a. Mr.Bone) when she said that if she had Mrs. Hardlick as a teacher, she'd go to the aquarium too. I rejoiced when Mellisa Turbone fell in love with Abel. Angeline deserved a mother. In my heart I know that they got married. I got worried when Angeline fell in the ocean and almost drowned. But, it WAS funny when she awoke in the hospital room to a joke. If I was Goon (Gary) I would have probably fainted when she said "What?". I loved this book with all of my heart. It is my third favorite book ever!! My first favorite is The Lion, The Witch, And The Wardrobe. Look for my review on it! READ SOMEDAY ANGELINE!!!!!!1 von 1 Kunden fanden die folgende Rezension hilfreich. An imperfect masterpiece of children's literature. Von John deBoerThis is Louis Sachar's first book, and it shows. But nevertheless, it is marvelous. It presents a world more relentlessly sad than any he would explore until Holes, his latest. It flies off into passages of philosophy and beauty that seem to simply escape Sachar like children finally leaving home. It has a long list of extremely appealing characters, none more than Angeline, the protagonist and emotional center of the book, despite her sometimes perplexing mind. It makes me cry, it really does. Read Sachar's later works for polish and craft, but read this one for absolute sincerity and heart.1 von 1 Kunden fanden die folgende Rezension hilfreich. This book is amazing... Von Ein KundeI am 15 years old and I read a huge amount. This is one of my favorite books of all time. It's incredible, and it gets better as you get older. Angeline, the heroine, is brilliant and charming. All she wants is to fit in, but she can't. Of couses, she finally does get the yummy end of the deal, but without compromising herself. And the middle...!!! of the book... I've read the Wayside School books and didn't like them half as much although they weren't bad.

KurzbeschreibungNobody understands why Angeline is so smart. She could read the first time she picked up a book, she can play the piano without ever having had a lesson, and she even knows what the weather is going to be. But being smart is causing Angeline nothing but trouble. The mean kids in school call her a freak, her teacher finds her troublesome, and even her own father doesn't know what to do with an eight-year-old girl who seems to be a genius. Angeline doesn't want to be either a genius or a freak. She just wants the chance to be herself and be happy. But it's only when she makes friends with a boy the kids call "Goon" and the teacher they call "Mr. Bone" that Angeline gets that chance.KurzbeschreibungNobody understands why Angeline is so smart. But it's only when she makes friends with a boy the kids call "Goon" and the teacher they call "Mr. Bone" that Angeline gets that chance.Synopsis Angeline is brilliant! She knows way more than a child of her age ought to. When she is moved up a class at school she finds that her intelligence doesn't equip her entirely for dealing with the pressures of being with the older group. Soon she is finding refuge with a teacher and her tropical fish and another unlikely student. With Louis Sachar's hallmark twist-and-turns of plot and lovely humour, this delightful novel is thought-provoking and brilliant.
