Von Philippa Rice : Sippy before purchasing it in order to gage whether or not it would be worth my time, and all praised Sippy:

KurzbeschreibungTrue love isnt always about the big romantic gestures. Sometimes its about sympathising with someone whose tea has gone cold, watching TV and sharing a quilt, or allowing your partner to order take-away pizza again. When two people move in together, it soon becomes apparent that the little things mean an awful lot. The

throwaway moments in life become meaningful when you spend them in the company of someone you love. Sippy is Philippa Rice's collection of comics based on real-life moments with her boyfriend. From grocery shopping to silly arguments and snuggling in front of the television, Sippy captures the universal experience of sharing a life together. **Named #3 Best Book of December 2014 by POPSUGAR (Hilary White, POPSUGAR)** Werbetext Sippy: an adorable, heartwarming story of a relationship and what happens when two people make the big leap and move in together. The perfect Valentine's gift or housewarming present.
