**Von Uzma Hussain : South Asian Culture Islam (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised South Asian Culture Islam (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Informative Von 3 facher Mami had expected even more insight in South Asian culture. It was very much only a religious book. I was looking more for how husbands treat wives and mix culture and islam. There were chapters that

touched this but not in depth. Still, a good read.

KurzbeschreibungAuthor Uzma Hussain was born in Pakistan and received her education mainly in England. In 2001 she began working for the Citizens Advice Bureau as a trainee advice worker, before becoming fully qualified in 2005. The goal of this book is to dispel misinterpretations of Islam woven into South Asian culture, so that readers can distinguish between Islamic principles derived from the Quran and hadiths and the cultural practices that violate these principles. The objective is to bring about an awareness of Islamic rights with a special emphasis on the rights of Muslim women, so that much of the oppression they face may be eradicated, and they may feel confident and strong in their Muslim identity.
