KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A great book for beginnersVon Ein KundeThe format lends itself for easy learning of vocabulary. Grammar sections are clear but not too technical for an average learner. The ongoing story is interesting and informative. I use the book extensively for review, although I have learned enough that my level of knowledge is beyond the level of the book. I used it to learn the language on my own, but it would be an excellent text for classroom work. There are ample exercises and to do the exercises does much to learn and retain the language.
