**Von English Teacher X : Speaking Activities That Don't Suck: Foolproof Ways to Force Your EFL Students to Produce Enormous Amounts of English (ETX Classroom Guides That Don't Suck Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Speaking Activities

That Don't Suck: Foolproof Ways to Force Your EFL Students to Produce Enormous Amounts of English (ETX Classroom Guides That Don't Suck Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Actually...it sucks!Von PAVEL NICOLETAWhen I bought this book I thought I'm buying something interesting, that has actually new ideas for speaking activities, but instead has the same ideas as any course book, only said in a very offensive way!4 von 6 Kunden fanden die folgende Rezension hilfreich. It's as simple as that :-)Von DodoGerade Teenagern etwas in einer Fremdsprache "aus der Nase zu puhlen", wenn man nicht gerade nur die zwei maximal drei blichen Quasselstrippen ohne jede Hemmung immer wieder reden lsst, whrend der Rest in den Ruhemodus versinkt, ist gar nicht so einfach.Es gibt schon viele Bcher zu dem Thema. Und bei den meisten fiel mir genau das Problem auf, dass der Autor (Teacher X) hier auch bemngelt: die Ansprache sind viel zu hoch, die Themen viel zu komplex. Selbst in Schulbchern fr einen Realabschluss stie ich schon auf philosophische Fragen wie: "What's frienship?" Well, good question... cough... duck, duck, and cover... Mal ehrlich, was wrde man als Erwachsener dazu sagen wollen? Wohlgermerkt in einer Sprache, die man nur ansatzweise beherrscht...Teacher X empfiehlt stattdessen "Back to Basics" und bietet dazu ca. 50 Dialogvorschlge, bei denen wirklich jeder etwas sagen kann. Denn schlielich geht es nur darum, dass berhaupt von mglichst vielen Schlern in einer Stunde gesprochen wird (nicht nur von den oben genannten zwei, drei Quasselstrippen).Beispielsweise kann man immer wieder Nummern ben (das flt selbst Leuten mit ordentlichen Englischkenntnissen oft schwer, ist also nur scheinbar simpel.) Dann ntzt es auch, Alltagsenglisch immer wieder durchzukauen. "Tell us what you did last... (day). In Detail, please. Like: Well, I got up at... then I took a shower..." Oder beschreibe doch einfach mal, was du gerade anhast. Oder jemand, der vorn steht. Wie heien die Sachen eigentlich nochmal? Ach, und bei der Gelegenheit... was hast du eigentlich alles so in deiner Tasche? Und in deinem Etui? Was machst du damit? Bitte immer ganze Stze.Und was ist bei euch zu Hause im Khlschrank? Was macht man damit? Was braucht man sonst noch, wenn man etwas kochen will? (Dazu kann man immer auch Bilder mitbringen.)Man sieht, das ist alles so einfach (scheinbar), dass man keine Entschuldigung mehr hat. Teacher X geht auch auf die Situation ein, dass Schler behaupten, dass sei zu einfach. Antwort: Auch ein Fuballspieler sagt nicht, er braucht nicht mehr ben, wie man einen Ball kickt, das knne doch jeder...

KurzbeschreibungOne of the most painful aspects of any TEFL job (except of course for the low salaries, terrible prospects, and awful hours) is getting the students to speak.Far too many teachers exhaust themselves trying to entertain and motivate and gently coax English out of surly, exhausted, or shy students - but yet again English Teacher X, with more than 15 years experience at some of the worst language schools in the world, is here to help.Here is a book full of clear, succinct, and superbly effective ways to give your students virtually NO CHOICE but to produce HUGE AMOUNTS of English in a variety of classroom situations, all presented with English Teacher X's usual cynical irreverence,mordant wit, and casual vulgarity and profanity.From large classes to individuals, from beginners to advanced levels, English Teacher X provides, in this book, a comprehensive set of activities, strategies and tricks to help you deal with even the most uncommunicative and recalcitrant of students.Among the issues dealt with in this book are:- how to increase the amount of speaking in grammar / listening / reading activities, and how to maximize speaking in your classes in general- how to prepare for individual students who don't want to use a book- more than 50 short grammar- and topic-based speaking activities that can be done with little or no preparation from the teacher- how to approach "conversation classes" and how to create lists of questions that will ENSURE that neither you nor the students run out of things to sayand much more!WARNING! This book contains rude language, crude humor, and a generally bad attitude. Don't read it if that kind of thing offends you.KurzbeschreibungOne of the most painful aspects of any TEFL job (except of course for the low salaries, terrible prospects, and awful hours) is getting the students to speak.Far too many teachers exhaust themselves trying to entertain and motivate and gently coax English out of surly, exhausted, or shy students - but yet again English Teacher X, with more than 15 years experience at some of the worst language schools in the world, is here to help.Here is a book full of clear, succinct, and superbly effective ways to give your students virtually NO CHOICE but to produce HUGE AMOUNTS of English in a variety of classroom situations, all presented with English Teacher X's usual cynical irreverence,mordant wit, and casual vulgarity and profanity.From large classes to individuals, from beginners to advanced levels, English Teacher X provides, in this book, a comprehensive set of activities, strategies and tricks to help you deal with even the most uncommunicative and recalcitrant of students.Among the issues dealt with in this book are:- how to increase the amount of speaking in grammar / listening / reading activities, and how to maximize speaking in your classes in general- how to prepare for individual students who don't want to use a book- more than 50 short grammar- and topic-based speaking activities that can be done with little or no preparation from the teacher- how to approach "conversation classes" and how to create lists of questions that will ENSURE that neither you nor the students run out of things to sayand much more!WARNING!
