of Teens Read Too Von Teens Read Too When we last left Valerie, she had moved to Schwerinborg with her father after her mother dropped the news that she was gay. After arriving, Valerie set her eyes on Georg, the royal family's very cute son. And in the end Valerie got the guy and is beginning to get used to her new life in Schwerinborg. Valerie Winslow is back with a whole new set of problems. Turns out dating a future prince isn't the easiest thing in the world to do. What with all the cameras and reporters tracking your every move, and the tabloids hungry for some juicy inside news, it sure doesn't help when you are caught in the bathroom with the prince -- and when a pack of cigarettes falls out from behind the toilet. But when a newspaper takes the story a little too far, the entire royal family and their staff that handles public relations are trying to make things right. With all the pressure, though, Georg decides that he and Valerie need to "cool off" for awhile, but what exactly does "cool off" mean? Valerie's father thinks this is the perfect time for a visit with her mother, while things settle down in Schwerinborg. Going back home shouldn't be so bad, what with getting to hang out with her friends and her mother. But it turns out that Valerie's "relationship" with Georg made headlines in Virginia, and now her friends all know what Valerie has been keeping from them. To make matters worse, Valerie still hasn't told them about her mother and her girlfriend. Going back to Virginia does have its advantages when Valerie decides to go on a date with her longtime crush, David Anderson, who apparently has had his eye on her since she left. Will going out with David help Valerie decide if he is the right one for her? Or will it just make her miss Georg even more? SPIN CONTROL is the perfect follow-up to the last novel, ROYALLY JACKED. The author makes Valerie stronger than ever, what with all the issues she has to deal with. Not only that, but SPIN CONTROL delves deeper into the issue of having a parent or any family member that is gay and helps us see it in a whole new light. This is another great read from Niki Burnham, who never seems to disappoint. Reviewed by: Randstostipher "tallnankyrn" Nguyen
