Von Philipp Winterberg : St. James' Way in a Tuxedo: On the road to a perfect packing list. An equipment guide. Making a pilgrimage with a 3-kg backpack: Safer, healthier, more comfortable (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised St. James' Way in a Tuxedo: On the road to a perfect packing list. An equipment guide. Making a pilgrimage with a 3-kg backpack: Safer, healthier, more comfortable (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Practical advice and an interesting storyVon MnchnerinThe author lived (lives?) in Berlin, and so I could really relate to his

advice because I also live in Germany. He gives good, practical advice and intersperses it with tales of his hike. A nice read.

Kurzbeschreibung St. James' Way in a Tuxedo? Really? Really. A Danish pilgrim has arrived wearing his finest get-up because he thinks that Spanish restaurants won't let him in otherwise. Other pilgrims bring their hammocks, huge dictionaries, solar-powered chargers, bags full of supplies, batteries... For more than a thousand years, pilgrims have followed St. James' Way you would expect that by now, word about a good packing list would have spread already. On the contrary: many pilgrims arrive with enormous backpacks, weighing 20-30 kilograms, and damage their feet, knees and shoulders before spending lots of money on sending huge packages back home. In short episodes, the author describes the confusion of getting equipment, eventually making his pilgrimage to Santiago de Compostela carrying only 3 kilograms in his backpack. This equipment guide is a must-have for pilgrims of every age, who want to arrive healthy and safely in Santiago de Compostela!
