Courtesy of Teens Read TooVon TeensReadTooSTANDING FOR SOCKS is the quirky and fun tale of Tara, a sixth grader who makes a statement. This book shows the reality of middle school - one little nuance and you could be branded for life.In Tara's case, wearing mismatched socks opens up a whole can of worms.At first a statement of personality and individuality, it soon inspires her to run for student council president, a goal many kids today would not be confident

enough to aspire to. This is truly a cute story about making a difference. It is real and fresh, and I really enjoyed reading it, as I could relate to a lot of the events in the tale. I would definitely recommend it to anyone looking for a light, enjoyable read. Reviewed by: Jane Kinner

Kurzbeschreibung When Fara Ross puts on mismatched socks accidentally one morning, little does she know that it will ignite her political career. What begins as a wardrobe malfunction grows into an expression of freedom in footwear, and that can only lead to bigger things -- like the race for sixth-grade student council president. Fara knows she is perfect for the job. But as the election nears, she realizes that everyone, from her friends on her campaign team to her entire town, is paying more attention to her socks than to the issues that she stands for. All Fara wants is to serve the community. Does she have the creativity and the passion that it takes to help people see beyond her feet? Even at the cost of her friendships? Who knew that socks could spark such a revolution -- and so many problems?!
