Von Paul Jury : States of Confusion: My 19,000-Mile Detour to Find Direction (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised States of Confusion: My 19,000-Mile Detour to Find Direction (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. overall a nice readVon HSI bought the book because I just finished college and thought reading a story like this would be fun. It really was and I could relate to what Paul Jury had been going through emotionally and direction-wise since his

graduation. The restlessness, the urge to DO something, only you don't know WHAT. I enjoyed reading about his various experiences in different states- I have not been to all of them, but it felt like I was sitting in the car next to the narrator and seeing them all with him. There were numerous times, where I wanted to punch the narrator or yell the obvious at him, which is nothing more than a sign for a well portrayed struggle, that the protagonist was going through, and a good written, relatable story. It's probably not going to win a Pulitzer anytime soon, but I would definitely recommend it as a good and easy read that really pulls you in sometimes.

Kurzbeschreibung Rather than deal with the problems he was facing as a recent college grad, Paul Jury decided to leave them in his rearview mirror. He might not have known the direction his life was headed, but he knew the route he was taking to hit all forty-eight contiguous states on one epic road trip. Filled with plenty of adventure and the unforeseen obstacle (or twelve), States of Confusion puts you in shotgun to see where the road takes Paul. All he knows--after crashing on the beer-soaked couch of his younger brother's frat--is that there's no going back.
