Kurzbeschreibung* Provides easy-to-follow instructions on crucial avalanche safety skills* Completely revised with all of the most recent data and techniques* Ideal for snowmobilers, snowboarders, snowshoers, skiers, climbers, hunters, hikers "No one who plays in mountain snow should leave home without having studied this book." -Rocky Mountain News Winter recreation in the backcountry has increased steadily over the years and so has the number of deaths and injuries caused by avalanches. As search and rescue teams are increasingly strapped for funding, self-education has become a larger necessity for snow-sport enthusiasts. The new edition of Bruce Tremper's seminal book is organized according to the structure of American Avalanche Association classes and all chapters have been updated and reviewed by peer experts. Pressestimmen "If you are considering a career as a snowy sports professional in North America then this book is an essential text; for others it is a useful reference point for a deeper understanding of what is both a simple and complex subject." --Roger Payne "The Alpine Journal "Kurzbeschreibung* Provides easy-to-follow instructions on crucial avalanche safety skills* Completely revised with all of the most recent data and techniques* Ideal for snowmobilers, snowboarders, snowshoers, skiers, climbers, hunters, hikers "No one who plays in mountain snow should leave home without having studied this book." -Rocky Mountain News Winter recreation in the backcountry has increased steadily over the years and so has the number of deaths and injuries caused by avalanches.
