Von Terry Donaldson : Step by Step Tarot (Complete Course in Tarot Readership) before purchasing it in order to gage whether or not it would be worth my time, and all praised Step by Step Tarot (Complete Course in Tarot Readership):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. not a

bad "how-to" tarot book for beginners
Von Ein Kunde
Step-By-Step Tarot offers the general explanation of card meanings in the author's point of views and in the "figure's." (e.g. I am the Magician. I am the person who...) What I like most are the 26 tarot reading guidelines which tell you an appropriate attitude or performance a tarot reader should have. The author explains to you not only the meanings of tarot cards but how to solve the conflicts if they are parts of the definition of cards. This book is for those who have no idea about what Tarot is but want to learn it. I do not think it is a best choice for experienced readers because there are only three or four spreads in this book. Also, as an experienced reader, you might not want to read so much information of card meanings which occupy the most part in this book.

Von Alec Satin
I happened across this book years ago when first learning Tarot, and found the exercises and approach invaluable in developing a relationship with the cards. It was especially helpful in freeing me from the idea that there was a particular meaning or set of meanings for each card which needed to be memorized from a list somewhere. I've given the book away, and miss it a lot!

Kurzbeschreibung
An excellent introductory course that demystifies the ancient art of tarot reading. With equal appeal for both the beginner and the more experienced student, this complete guide gives you all the training you need to start accessing the ancient wisdom of the tarot. This comprehensive workbook guides you through a practical step-by-step course that is fun and simple to use. It gives all the advice you need to choose the right pack and learn the meanings of each card. Various spreads are described, along with tips to help you achieve accurate readings. Whether you feel that you have psychic qualities you'd like to develop, or have a more down-to-earth interest, this book contains all you need to start working with the tarot. If you have been studying the subject but do not feel confident enough to read for other people, this is the ideal book to help you develop your skills.
