Von Marilyn Sholin : Studio Portrait Photography of Children and Babies 3ed before purchasing it in order to gage whether or not it would be worth my time, and all praised Studio Portrait Photography of Children and Babies 3ed:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Deserves a place in every photog's libraryVon Ein KundeI am biased: I know Marilyn. She's photographed my kids, and the pictures are truly a joy. I think I've got the "credentials" to say how good she is ... I was a photojournalist, with credits in National Geographic and lots and lots of top magazines around the world.Even if I did NOT know Marilyn, I would recommend this book to fellow photogs ... because at one time or another, we ALL have to photograph kids. She has the gift, and she spills her secrets willingly for all of us to benefit.Studio lighting a challenge for you? It sure is for me. How perfect to have the diagrams, the explanations, and the tips from one of America's top pro's to guide

us. Whatever your stage in the photography world ... beginning to full-time pro, you'll be richer for discovering her proven techniques and straight-to-the-heart way of communicating. And yes, it's loaded with pix. Naturally! 0 von 0 Kunden fanden die folgende Rezension hilfreich. This wealth of information WORKS! Guaranteed! Von Hal Jaffe (haljaffe@aol.com) As a photographer that has photographed tens of thousands of children and babies over the last 20 years, I feel qualified to say that the tips, tricks and techniques provided by Marilyn Sholin, in her new book, ABSOLUTELY WORK. Additionally, the information she provides would take some a "professional lifetime" to learn on one's own. Anyone planning to photograph children and babies can literally knock years off their learning curve by reading this book. Her techniques truly separate a true professional from a novice. 0 von 0 Kunden fanden die folgende Rezension hilfreich. ONCE AGAIN....PICTURE PERFECT!!! Von M. Thomas (mmmthomas@worldnet.att.net) I AM NOT A PROFESSIONAL PHOTOGRAPHER AND I ESPECIALLY LOVE THE BOOK! THE "PICTURE PERFECT" MOMENTS CAN BE APPRECIATED BY ANYONE- MOMS, DADS, GRANDMAS AND GRANDPAS! THIS BOOK WILL MAKE A BEAUTIFUL ADDITION TO MY "COFFEE TABLE" LIBRARY. I LOVE EVERY SINGLE PICTURE IN THE BOOK. EVERY SINGLE SHOT CAPTURES THE BRILLANCE AND BEAUTY OF CHILDREN! A DEFINITE TREAT TO SEE AND READ! KEEP UP THE SUPERIOR WORK MARILYN AND THANKS FOR SHARING YOUR WORK AND YOURSELF WITH US ALL!

Kurzbeschreibung Photographing portraits of children and babies constitutes a large portion of the business of most portrait studios. Parents everywhere want beautiful portraits of each of their children in every stage of his or her life. In addition to learning to work effectively with kids, included in this practical manual is all the technical information necessary to create beautiful lighting, adorable poses and truly memorable portraits. This book has been updated with all new images, the latest in digital imaging techniques, and discussions on using the latest software. Pressestimmen "Sholin delves into the unique psychological perspectives that a photographer needs to know to get great photographs of infants, babies, toddlers, and preschool-age children." --"Photographic" magazine Kurzbeschreibung Photographing portraits of children and babies constitutes a large portion of the business of most portrait studios.
