Right out of the gate I was convinced, ready to stay onboard through to the end of the book and it was a fun trip I'd happily take again.

**Kurzbeschreibung** Charlie is on the run and needs money. A lot of it. Now. And his new girl Mara is not impressed. Taking on a friend's debt to free them from a loan shark has created a situation which is spiralling out of control ...expensive and dangerous. Luckily for Charlie, his neighbor Mike offers to help him out with his harmless plan to raise cash in a hurry. Not so lucky, Mike shows a professional's proficiency with violence and abduction... and he's also on the run - from a war zone, and from people terrifyingly more dangerous than Charlie's pursuers. A high octane crime adventure, Stunt Fight takes you on a thrill ride from London to Shanghai, navigating a world of international mobsters and with characters so real they could reach out and grab you from the page. By the same author: KINGPIN by Leonard Lynch
