Von David Madsen : Successful Dissertations and Theses: A Guide to Graduate Student Research from Proposal to Completion before purchasing it in order to gage whether or not it would be worth my time, and all praised Successful Dissertations and Theses: A Guide to Graduate Student Research from Proposal to Completion:

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. A

comprehensive guide to the dissertation! Von Ein Kunde As someone who works privately with students, helping them with dissertations and theses, I highly recommend this book. When students call me in regard to assistance with their dissertation or thesis, I recommend that they buy this book and use it as an ongoing reference. As the title states, the information contained in this book anticipates and answers many of the questions that students have about the dissertation process, from proposal to completion. It is the most comprehensive guideline that I have come across in recent years. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A comprehensive guide to the dissertation! Kurzbeschreibung Madsen's book should be welcome both to graduate students about to undertake dissertations and to faculty needing to learn the role of thesis adviser. . . . Madsen tells how to propose, outline, write, defend, and possibly publish a dissertation, information which should save graduate students years, pain, and money. --Library Journal
Pressestimmen "Madsen's book should be welcome both to graduate students about to undertake dissertations and to faculty needing to learn the role of thesis adviser. . . .
