Kurzbeschreibung\*\* INCLUDED IN THE DOCTOR TESS BOX SET \*\* MEDICAL THRILLER SHORT STORY: A mystery medical condition starts killing hospital patientsWe meet Tess who is young, single and utterly dedicated to using her medical skills to relieve human suffering. And that was working well enough until one Tuesday night when her ER patients start dying - and so quickly. But why? Tess investigates but her hunt for the truth spirals into unexpected dangers. A GOOD CLEAN READ. Here's what one 5 star review said of this author: "A factor I found refreshing, particularly in the mystery thriller genre, was the GOOD and CLEAN nature of the book... Those looking for a 'gritty crime drama' won't feel slighted by the lack of foul language and gory details. Similarly, those looking for likable characters with good morals won't be disappointed... Author Pat Wilpenter handles both with aplomb."Happily this fast-moving medical thriller ends on an upbeat note... and it's not a cliff-hanger. Two extras in the book include an interview with Tess where she talks more about this frightening experience, and we also see the sweet heart of a loving daughter as we read private letters Tess wrote to her mother. "SUDDEN DEATH" is Book 1 in this thriller series and is a STAND-ALONE mystery of 4200 words (17 pages), followed by an interview with Tess about her frightening experience. We also see the sweet heart of a loving daughter as we read private letters Tess wrote to her mother. These two features help us get to know Tess the person and they bring the book up to around 9,000 words (35 pages). You can continue to follow Tess's adventures in Book 2, "YOUNG BLOOD" and in Book 3, "HONEYMOON ROADKILL". They are all PG-rated medical thrillers. If you enjoy medical thriller books and mysteries, it's time you met the lovely Dr. Tess.Readers Say"I absolutely loved this medical thriller... "For suspense and intrigue, this one's a sure win... "If you like your thrillers with a hint of conspiracy... "...the action and thrills non-stop and fast-paced..."Keywords: medical mysteries and thrillers, medical thrillers and mysteries, medical thrillers books, medical thrillers christian, medical thrillers free, medical thrillers free books, medical thrillers free kindle books, medical thrillers kindle books, short story, short stories.The Story Starts...This Tuesday night would be like no other for 29 year old Dr. Tess Scott.Tess was in charge of the Emergency Response ward on the ground floor of CityWest Hospital and at 2 in the morning she was taking a short coffee break. So far, the caseload had been normal. Well, as normal as it ever gets in ER, she said to herself.Her mid-shift pickmeup was coffee. Fair Trade coffee. Not so much for its flavor, but for the fact that the profits went to help poor families in the Third World.This particular Tuesday night, her time-out was cut short when a nurse barged in to the break room without knocking. We need you in ER, Tess. Its pretty bad. Middle aged male, vomiting, seizures. And hes incoherent.Tess took one last gulp of the hot brown brew then made her way quickly to the ER entry foyer where the ambulance crew were completing their delivery paper work. They had just wheeled in a middle aged man in work clothes. Tess immediately noticed an other worldly pallor to his skin... a hint of blue and gray. He was groaning and writhing in evident pain.CONTINUE READING in the LOOK INSIDE feature that provides.\*\*\*Search words: mystery thrillers and suspense, suspense thrillers and mysteries, thriller books, thriller ebooks, thriller novels, thriller series, thriller writing, short reads, short story, clean romanceKurzbeschreibung\*\* INCLUDED IN THE DOCTOR TESS BOX SET \*\* MEDICAL THRILLER SHORT STORY: A mystery medical condition starts killing hospital patientsWe meet Tess who is young, single and utterly dedicated to using her medical skills to relieve human suffering.
