Von Erik Lawrence, Mike Pannone : Tactical Pistol Shooting: Your Guide to Tactics that Work before purchasing it in order to gage whether or not it would be worth my time, and all praised Tactical Pistol Shooting: Your Guide to Tactics that Work:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Clear color pictures set this book apart from others.Von Thorsten WiekingGood book with clear color pictures illustrating things mostly found in other books (e.g. Gabriel Suarez). Biggest advantage and reason why I kept this book - the

clear color pictures. The techniques themselves are hardly new and differ only slightly from things found in other books like the ones of the earlier mention Gabriel Suarez and Gun Magazines like Combat Handguns and Guns and Weapons for Law Enforcement. Nonetheless I would recommend it, especially as a first primer on gun handling in defensive scenarios. Looking for information about tactical movement and +two men tactics - look somewhere else (so far, nothing could beat "The Tactical Advantage").RegardsThorsten Wieking

KurzbeschreibungMastering the basics is the only way to shoot faster or more accurately, and this goal can be achieved only with proper instruction and critiques. This consolidated, easy-to-read handbook provides a base knowledge that offers laymen and/or professional operators the references to learn/maintain their skills with their pistol, thus raising their level of safety and competence. Whether you carry a pistol for living or for defense, this book will help you attain the level of training desired.KurzbeschreibungMastering the basics is the only way to shoot faster or more accurately, and this goal can be achieved only with proper instruction and critiques.
