Wonderful and CompleteVon Ein KundeThis is the only book I have ever seen that teaches the whole form, all the applications, all the proper breathing in one form Section with hundreds of photos. In other sections it's the only book that explains the spiritual aspects of this wonderful art. Galante is truely a master who really understands how to bridge the Western mind with the Eastern mentality. This book is a must for any library on Tai Chi Chuan.0 von 0 Kunden fanden die folgende Rezension hilfreich. The Best!
