Befreiend, lustig und horizontweiterndVon HPZN1780Dave erzht die aufregende Geschichte seines spirituellen Lebens. Das ist unglaublich fesselnd und wahnsinnig lustig zugleich.Eine abgefahrene Anekdote reiht sich an die

nchste (z.B. Engel in Indonesien, Teilnahme bei "Big Brother UK" und vor allem Impartation in der Sauna :-). Der rote Faden dabei ist die zunehmende Freiheit vom religis-gesetzlichen Leistungssystem hin zu echter, bernatrlicher Freude. Dabei ist Dave sowohl Querdenker als auch Pionier. In seinem "Glory"-Zustand passieren Dave ohne Zutun stndig so krasse Sachen, von denen "normale" Christen nicht mal trumen. Man hat das Gefhl, das allein das Lesen des Buches zu einem Zustand von Freiheit, Leichtigkeit und Gottesbegegnung fhrt. Ich kann das Buch gar nicht genug anpreisen. Ein Muss! 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Ride of a Book Von Florian Berndt Something about this awesome book reminded me of Jesus' words, 'If you don't become like little children, you will not even be able to enter the Kingdom of God.' And indeed it was hard to get stuck in the first chapter of Dave's first encounters with Divine Love and his conscious reconnection with the Source of all things. In fact, that was the main point for me of this descriptive spiritual journey of finding Home, getting lost in the ugly clutches of religion, just to come back full circle to our First Love and from there back onto the journey into unknown Great Mystery for which every heart longs. This book will make you laugh, cry, get angry and shout for joy, as join Dave on the journey he has been on so far and are encouraged to move on in a renewed hope of endless bliss as a human being. Both my wife and I literally felt the immense spiritual impartation that exuberated from our own printed copy after we took it out from our mailbox. Not only did we read it both through in one sitting over the course of two days, but we also had to reread again immediately afterwards. Finally, this is not a theology book, but the tale of one man's journey in his search and discovery of Ultimate Reality, and as such has the power to inspire and facilitate one's own journey. Get this book, read it, devour it, then read it again and allow it to be an encouragement on your own spiritual journey. It is definitely worth it! Can't wait to find out how Dave's journey continues... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Awesome book Von C.R. Scharwaechter That book with all the crazy stories encouraged me very much and it showed me a lot about how religious systems work and about how awesome it is to be free from these systems :-)
