Von Erik Weiss : Tea and Chivalry (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tea and Chivalry (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Will draw reader completely into the world of aristocrats Von Helpful Advice Tea and Chivalry written by historian Dr. Erik D. Weiss is a well-made, descriptive, detailed and engaging story about the world of aristocrats that shows to the full extent authors interest for politics and military history. Obviously the author has done an exhaustive research in order to write this piece, managing to breathe life into his characters that come to life in front of the reader, perhaps not

overly exciting, but certainly a very real and believable. In his book that covers the Age of Enlightenment, a long time fight between two aristocrats - Count Weisswasser and Baron Schlanger, is far from being over. The Count Weisswasser, as a man devoted to peaceful society have no other option but to engage fully into this war, but given how good commander he is, Count is going to use his rich military and every other knowledge to make a real stand against his enemies on all fronts, inside and outside the walls of his castle. Tea and Chivalry is work of great research that will draw reader completely into the world of aristocrats, their turmoil and the inevitable and painful conflicts. And because of these reasons Dr. Erik D. Weiss work will be interesting not only for lovers of history and those in love with the tales of aristocracy, but for all readers that enjoy well-made literature that combines incompatible things - the noise of guns and love. I was given a copy of this book by the author for the purpose of unbiased review, while all the presented information is based on my impressions.

Kurzbeschreibung During the Age of Enlightenment, an ancient family feud between landed aristocrats, Count Weisswasser and Baron Schlanger, creates an emotional and military conflagration. The Count, a paragon of reason dedicated to peaceful society, is drawn painfully into war. A wise leader, he fuses strategic and tactical knowledge with the loyalty of his townspeople and army to make a firm stand against both the enemy on the battlefield as well as the enemies in his own castle. The pounding of the guns overlies a tale of love and daring rescue.

ber den Autor und weitere Mitwirkende A native of New Haven, CT., Erik D. Weiss grew up in a college town, and was accordingly nurtured by the artes liberales. He studied history at Yale College before pursuing a career in medicine/radiology. Having traveled extensively, Dr. Weiss has varied interests that span literature, history, and science, and is a keen devotee of music ranging from classical to jazz to bluegrass to classic rock. His first novel, Tea and Chivalry fuses his passions for reason, politics, and military history.
